OFFICIAL DISPATCH

WSSA- 421

26 April 1948

Via Air Pouch

TO : Chief, Foreign Branch W

FROM : C]

SUBJECT: Tilestone Project

OPERA

1. C] informed that as of 26 April 1948, final plans for dispatching the interested persons had not been completed. It had been decided that boat travel was the only feasible way, but the clear weather together with the full moon has made any surreptitious travel by boat impractical. This is creating a difficult situation because the nights are becoming shorter, and in the event weather conditions do not become more favorable it will be impossible to make the trip under cover of darkness.
 2. You will be kept advised of developments.
